

10.20.160.106 (part 2): COLD DEFUSION

Team 1

Hash: cc8fac806bc606dd90ff6ebe5a6614d (PROOF FILE)

Attack path: We implemented the same attack path as was demonstrated to obtain the local.txt file. This time around, we just navigated to the administrators file to find the proof files.

```
type proof.txt
C:\Users\administrator\Desktop>type proof.txt
cc8f6ac806bc606dd90ff6ebe5a6614d
```
